Teresita is a nice person to talk to. Communicate with her for more information directly.

If you're planning to tour around CDO, I'd strongly recommend House of Java for accomodation. Great host, clean rooms, complete listing of inclusions (which you could communicate with the host if you have any specific request), and the location is superb. Close to almost all kinds of xlocations that you need to go to. You may also join tours, that can take you all the way to Bukidnon.

House of Java is a good place to stay if you are looking for a quiet and cheap homestay, it's private and quiet, the building is within the private property of the host which you will have easy access to without disturbing the host or other renters.

Rooms are squeeky clean, beds are comfortable; everything's just right for a quick getaway to Cagayan de Oro, or stay longer and explore other neighbouring towns, House of Java will definitely be your home away from home.
